SUMIT GURUNG
JUNIOR DEVELOPER

PROFILE

Recently completed a 12 week-long intensive software development bootcamp where I have developed strong capabilities on JavaScript and React. I am now looking to apply and consolidate this new skill set with a first role in development.

EXPERIENCE

May - Aug 2020
Junior Software Developer | _Nology (Remote)

12 weeks (remote) of a self-funded intensive software development program which was primarily centered on JavaScript (functional and Object-Oriented Programming), HTML, SCSS and React. Worked on a real-world client project using agile workflow to deliver a web application which provides HR services. Client project was based on working as a group of 10, in week-long sprints and pair programming tickets.

Mar 2019 - Mar 2020
Operations | SHY Films :Gurkha: Beneath the Bravery

Successfully planned and managed the funding phase, where the target amount of £25,000 was achieved. Liaised with businesses and charities in running various fundraising and promo events. During the filming phase, build a spreadsheet which was used to track the stock level and ensure the appropriate level is maintained. Responsible for managing both casts and crews schedules to ensure deadlines were met.

Dec 2018 - Mar 2020
Security Officer | Bouygues E&S, London

Responsible for the reception duties and carrying out routine patrol along with monitoring security cameras. Writing daily activity reports. Security checks ad crowd control.

July 2008 - Dec 2018
Security Officer (part-time) | VSG, Dartford

Maintaining the high integrity of the site security by providing high-security on-site presence, completing routine patrols and the security checking both inbound and outbound of depot vehicles, and provide and display high levels of customer care.

HOBBIES & INTERESTS
Sport: I believe in 'health is wealth'. I enjoy a variety of sports especially basketball. I play for the local basketball team in various amateur basketball tournaments.
Traveling: I love to travel to new places as I believe it widens our perspective and makes us appreciate life.
